### **ABOUT SEARCCT**

The Southeast Asia Regional Centre for Counter-Terrorism (SEARCCT) was officially launched on 1 July 2003 by the then Minister of Foreign Affairs, Malaysia, the Honourable Dato' Seri Syed Hamid Albar.

SEARCCT serves as a leading Centre in the Southeast Asia region to train and enhance the capacity of enforcement and security officials on counter-terrorism issues in collaboration with established think-tank institutions and international organisations. The Centre also serves to promote Malaysia's perspective on how best to deal with terrorism and the promotion of a comprehensive approach to counter-terrorism.

SEARCCT has also utilised various training courses, conferences, and forums to discuss and disseminate the urgency to have a multi-pronged and multi-faceted approach in countering terrorism. In implementing its mission, SEARCCT has identified seven flagships. The flagships are:

- Investigation and Legal Aspect,
- CBRNE and Crisis Management,
- · Aviation, Maritime and Transport Security,
- · Cyber Terrorism,
- Prevention and Rehabilitation.
- Terrorism Financing, and
- Youth and Terrorism.

From August 2003 to December 2014, a total of 146 training courses were conducted with 4,587 local and foreign officials participating. SEARCCT programmes also included field visits as well as practical and simulation exercises designed to add value and provide an interesting learning experience for the participants.

For 2015, SEARCCT has taken the initiative to further strengthen its programme syllabus, enhance existing cooperation with relevant institutions both local and foreign, and establish further links with international and regional organisations such as the United Nations and ASEAN. Programmes developed by SEARCCT will focus on existing and future threats perceived and catering to the needs of its clientele.

Since its inception, SEARCCT has had numerous collaborations with foreign and local agencies. In 2014, SEARCCT had collaborations with the Embassy of the United States of America, New Zealand High Commission and Canadian High Commission. SEARCCT welcomes proposals for productive collaborations with institutions and organizations locally and abroad to enrich its programmes. SEARCCT also organizes public lectures, forums, roundtable discussion, seminars and workshops for interested organizations and individuals. They

include, among others, governmental officials, academicians and university students, representatives from think tanks, non-governmental organizations and training institutes and members of the diplomatic corps based in Kuala Lumpur.

Although the prospectus only reflects several collaborators, changes and conditions of co-operation with other partners will be included once details of joint-training programmes are confirmed. The list of programmes and collaborators are therefore not exhaustive.

### VISION

"To be a regional centre of execellence in training and research on counter-terrorism".

### MISSION STATEMENT

The Centre aims to achieve its vision based on the following:

- To develop a capable and vigilant counter-terrorism centre in Southeast Asia through quality and comprehensive capacity building and programmes.
- To promote public awareness and dissiminate information on the threat of terrorism and measures taken to counter it.
- To become a centre of reference on terrorism and counter-terrorism in cooperation with local and international agencies through research efforts.
- To foster mutual cooperation, collaboration, research, understanding and networking amongst regional and international organisations in the field of counter-terrorism.

### **OBJECTIVES**

- To develop and organise a comprehensive capacity building and public awareness programmes on counter-terrorism.
- To produce quality research materials on relevant terrorism and counter-terrorism matters for publication.
- To promote information and knowledge-sharing through its Web Portal and Database.
- To deliver an effective administration for the success of its activities.

### **FOCUS OF ACTIVITIES**

- Efforts in capacity building through programmes organised for participants to enhance their knowledge and skills in counter-terrorism measures as well as establishing network for further cooperation.
- Creating Public Awareness by addressing NGOs, the private sector and the public on counter-terrorism issues.
- To improve the Centre's Web Portal and Database by providing the up-to-date information on current issues for publication and information gathering purposes on the subject of terrorism, terrorist organisations, counter-terrorism measures etc.
